

# Walk in Faith

## Walk in Faith

And God speaks

Oh man, I love you, yes you  
I love you who read these lines  
Build your life on my love

Never doubt it, don't hesitate  
Just let yourself fall into my love

It's not hard, you, love me too  
Love me, love me with your whole being  
Speak to me, talk to me, sing, shout it out  
I love you, you, oh you, my God  
I love You, You, my Heavenly Father

A new world will open up for you  
Give up all your worries  
Give up all your fears  
Give up all your uncertainty  
Give up all your caution

Give it all up  
Give it all to me, let go, let go

Love me, love me, because I love you  
From now on, walk in love  
For that is what faith is  
Walk in faith, in love, on solid ground

In this faith, you build your life on rock  
Yes, on rock and not on sand  
Nothing will shake you anymore  
The house of your life stands on solid ground

Love me and testify your love to me  
I will take care of you, beyond any measure  
I will heal you  
I will heal your body, your mind and your soul

Love me and confess your love to me  
While you are on earth, I will give you a taste  
A taste of what awaits you in my presence  
As if you were already in heaven  
With me in heaven, with me

Oh man, I am longing for Your love  
I created you to love me  
That you may know me  
That you may be my joy

Oh man, I gave you a free will  
Out of your free will, you should decide for yourself  
To decide to love me or turn away  
Don't turn away, look at me  
Recognize my love in your life  
Please, please love me

Open your heart, see who dwells in your heart  
From your first breath to your last  
I was, I am, and I will be in Your heart

Go, oh man, get up, look into your heart  
Yes, that's where love lives, that's where I live  
In your heart is nothing but light and love

Come on, come, open your heart  
Let the light and love shine  
Let it shine into a dark and waiting world  
Enlighten and warm the world

Oh man, love me  
Because I love you so much  
I love you beyond all measure  
Oh man, love me and everything will be fine  
Everything, everything will be fine  
Everything will be just fine

Oh man, walk in faith  
Walk in love, in love, in love

God speaks and so it shall be

And I answer God

Thank you my Lord, oh my Heavenly Father  
Thank you for your love  
Thank you for your care  
Thank you for all your gifts  
Thank you for my life  
Thank you for your love

Yes, oh Lord, I love You, I love You  
I love you with my whole being  
I love you with my life

I long, I consume myself  
I want to be with you, with an open heart  
I want to see you face to face

Please let Your Holy Spirit be in me  
Please let your Holy Spirit be with me

Please let Your Holy Spirit work through me

Thank God, my Heavenly Father, my Lord  
Thank you, thank you, thank you for your love  
I love you, I love you
